

BUSINESS PROFILE

INTRO

Our company

PMK Blinds and Floors was established in 2002 by two dynamic, energetic and enthusiastic individuals whom are innovative, goal driven and result orientated and complies with the government's BEE codes as this company is 100% black owned and managed.

Vision

The company's vision is to be a dynamic outlet for office and home window dressing and floor coverings. PMK Blinds and Floors is synonymous with quality, value, excellence, and leadership. As a company we always aim to provide efficient and effective service, using a combination of trained and experienced personnel.

Mission

- To become the sole choice of a service provider and also embark on providing exceptional quality service.
- To provide a high standard of style and products
- To consistently exceed client's expectations in the products and service provided.
- To operate within the supplier specifications and retain the level of exclusivity that is associated with the brands.

Why Us

PMK Blinds and floors provides high-quality products and offers outstanding installation services to both residential and commercial clients including government departments at affordable prices.

We pride ourselves with our exceptional customer and superior workmanship. If you are looking for the best, quick and seamless flooring experience possible, PMK blinds and floors is the best service provider for you.

We believe the key to our success is through our dedication to offer exceptional customer service and establishing long lasting relationships with our customers.

Our experienced staff is always ready to assist in ensuring that we complete your flooring projects to your satisfaction.

WHAT WE STAND FOR

COMPANY VALUES

PMK Blinds and floors is a values-based organisation. This means we use values to define and identify a preferred behaviour practice that all our staff members adhere to. Supporting this goal is the following five key values on how we do business.

- Integrity: to practice honesty and trustworthiness in all aspects of the business;
- Simplicity: making it easy for customers and suppliers to do business with the company.
- Innovation: an attitude of continuous improvements by going further and doing more to meet and exceed the expectations of customers;
- Friendliness: courtesy and respect will govern all interactions.
- Honesty – We earn people's trust by being honest, respectful and ethical in all our interactions

OBJECTIVES

- Achieve 110% customer satisfaction in all aspects of service delivery;
- Deliver exceptional service to the best of our ability;
- Offer value for money to our clients.

DEVELOPMENT IMPACT

PMK Blinds and floors is a 100% black-owned and managed company that takes diversity very seriously.

As a black-owned company, we strive to contribute to the market through providing excellent service and products to our clients, as well as meeting all our client's needs.

"Flooring is what we do. It's what we know better than anyone — it's what we do better than anyone."

BLINDS

TRANSFORM YOUR HOME WITH THESE WINDOW BLIND IDEAS

Many people do not pay much attention to window treatments and often adopt whatever blinds that come with their home. They are missing out on a chance to transform their space, create the functionality they need, and create a beautiful look that their home deserves.

Here are some benefits of choosing blinds for your home. It's important to look at some of the benefits of choosing blinds and why they could be a great substitute for other window treatments

BENEFITS OF USING BLINDS:

- PRIVACY CONTROL
- LIGHT CONTROL

CARPETS

THE CARPET IS A LUXURIOUS AND COMFORTABLE FLOOR

There is a suitable carpet for every room in the house or office. From a soft bedroom carpet to a luxury carpet for the living room or hotel room, a practical carpet for the hallway and stairs or home office.

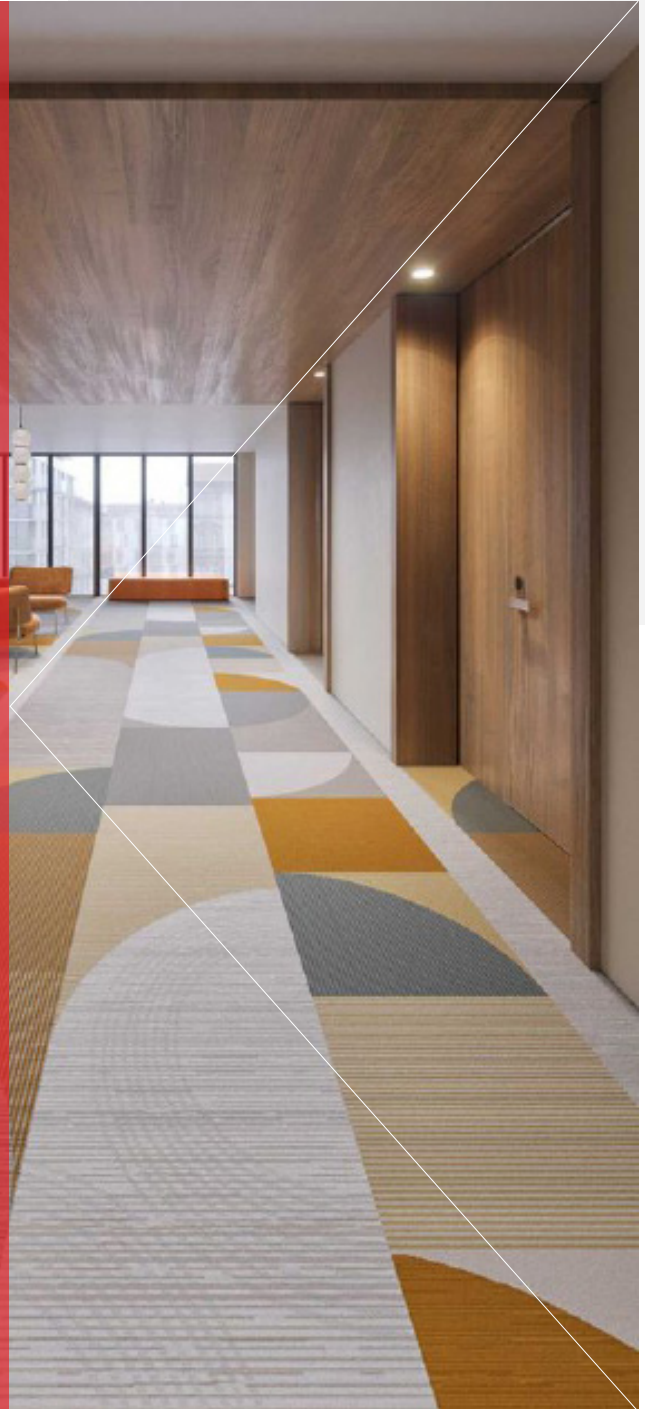

CARPET IMPROVES THE INDOOR CLIMATE

Carpet improves the indoor climate as it retains airborne dust particles. The carpet traps the particles and keeps them trapped in the fibres until the next time of vacuum cleaning. Therefore, a dust allergy should not form an obstruction to choose carpet. The German asthma foundation has even concluded that carpet retains dust better than any other flooring and as a result, the indoor air is cleaner.

SANDING & SEALING

PMK SOLID WOOD – SANDING AND SEALING

WE OFFER HIGH QUALITY SOLID WOOD RESTORATION, SANDING AND SEALING SERVICE AT AN AFFORDABLE RATE

All our floor restoration services are performed with the use of dust-free sanding equipment by leading manufacturers such as Bona. This ensures that your home is well protected from dust while the floorings are being sanded. Any dust produced from the sanding process is captured and collected in isolated dust bags and it is then carefully disposed of, leaving no trace of dust in your property.

PMK Blinds and flooring has been doing sanding and sealing for over 10 years. The technology needed to sand floors without raising a lot of dust has actually been in existence for many years. In addition to sanding machinery, a dustless sanding system requires the use of a containment trailer; sometimes containment machinery comes in the truck-mounted form. A common form of dustless sanding is the “actual evacuation method,” widely regarded as highly effective.

VINYL-LVT

PMK VINYL-LVT

Luxury Vinyl Tiles (LVT) is renowned as the go-to-flooring for commercial designers and industrial fit-outs. As a robust yet versatile alternative to tiled and hardwood, LVT's ability to replicate their designs to intricate detail is much admired. Displaying the character, look and grain of wood flooring or the texture and feel of Italian slate tiles, LVT offers an affordable alternative. As the fastest growing market segment in the flooring industry, homeowners are vastly clicking on it.

So we've covered the basics of LVT but why is it suddenly taking over our homes?

BENEFITS OF LVT FLOORING:

- COST
- DURABILITY
- VERSATILE
- WARMTH
- INSULATES SOUND
- MAINTENANCE
- INNOVATIVE DESIGN
- EASY INSTALLATION
- REPLACEMENTS
- LIFESPAN
